FIG. 2

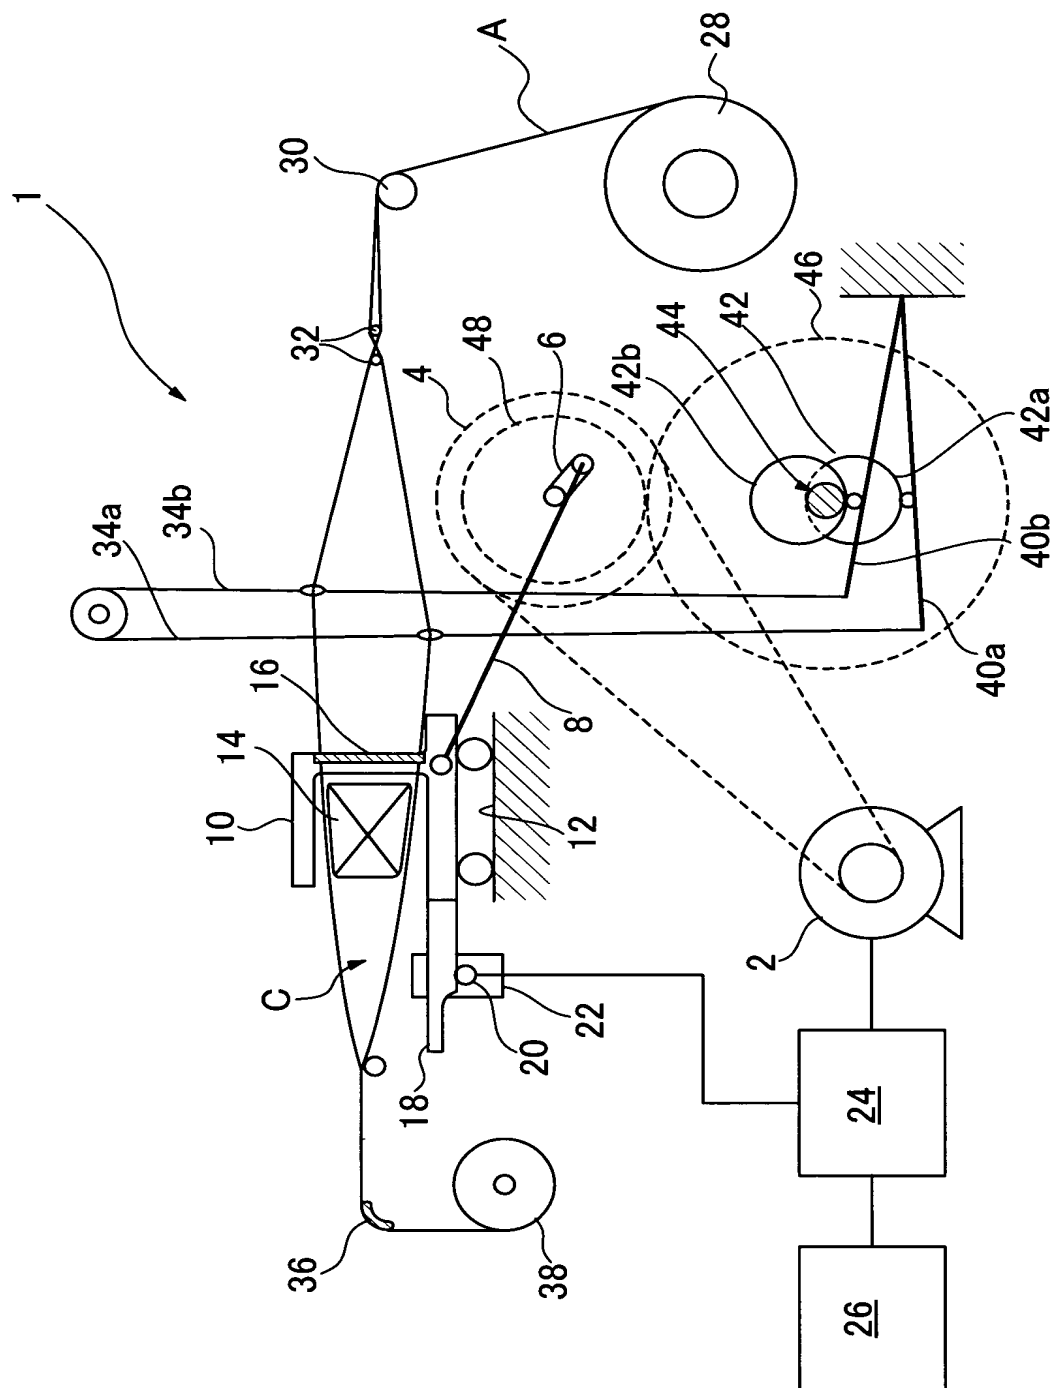

FIG.3

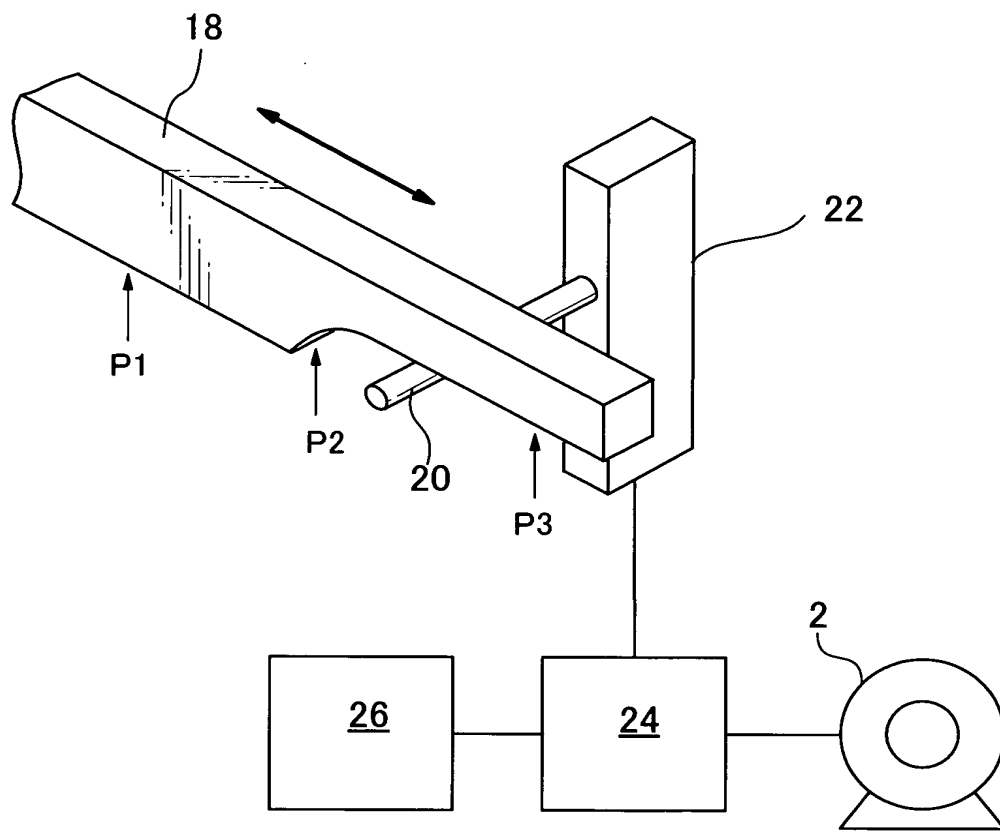

FIG. 1 illustrates a device 10. The top portion shows a cross-sectional view along line A-A, featuring a central shaft 16 passing through a housing 50. Below this, a perspective view along line B-B shows a rectangular component 14 mounted on a base 58. This component includes internal structures 60 and 62, and is connected via a curved arm 64 to a pivot point 66. Other labeled parts include 52, 68, and 70.
